

# Joint Outcomes Framework Summary - 'Outliers' - August 2015

## Summary overview of Outcome Frameworks illustrating the proportion of significance for comparator areas

## Introduction

This summary brings together performance 'outliers' for the Adult Social Care Outcomes Framework (ASCOF), Better Care Fund (BCF), National Health Service Outcomes Framework and Clinical Commissioning Group Outcomes Framework (NHSOF, CCGOF) and the Public Health Outcomes Framework (PHOF). Only indicators that were identified as statistically significantly worse than the England average on either an annual basis, or for 3 out of 4 quarters are included in the table below.

The 'Thermometers' represent the proportion of indicators across all frameworks by their significance for comparator areas. The 'dials' represent the proportion of indicators, that are significantly worse, as a proportion of all outcome framework indicators in each life course.

## Quarterly Updates

- First time entrants to youth system
  - Smoking prevalence at 15 years (current and regular)
  - Fuel Poverty
  - Percentage of active and inactive adults (active)
  - Cumulative % of healthchecks (offered and received)
- Newly added - Significantly worse (previously not significant)  
 Newly added - Significantly worse (New Indicator)  
 Newly added - Significantly worse (previously sig better)  
 Newly added - Significantly worse (previously not significant)  
 Newly added - Significantly worse (previously not significant)

## Key Symbols

- Significantly Worse
- Not Significant
- Significantly Better
- Higher
- ~ South Devon & Torbay Trend

Life Course	Indicators	Time period	Torbay Value	CCG Value	National Value	Unit of Measure	Torbay Trend Chart	Trend Guide
Starting Well 0 to 4 years	PHOF ● 2.02i - Breastfeeding - Breastfeeding initiation	2012-13	71.1	-	73.9	%		Higher is Better
	PHOF ● 2.02ii - Breastfeeding - Breastfeeding prevalence at 6 - 8 weeks after birth	2012-13	36	-	47.2	%		Higher is Better
	PHOF ● 2.03 - Smoking status at time of delivery	2013-14	16.8	-	12.0	%		Lower is Better
Developing Well 5 to 24 years	PHOF ● 3.03x - Population vaccination coverage - MMR for two doses (5 years old)	2013-14	88.9	-	88.3	%		Higher is Better
	PHOF ● 1.01i - Children in poverty (all dependent children under 20)	2012	21.2	-	18.6	%		Lower is Better
	PHOF ● 1.01ii - Children in poverty (under 16s)	2012	22.1	-	19.2	%		Lower is Better
	PHOF ● 1.03 - Pupil absence	2013-14	5.1	-	4.5	%		Lower is Better
	PHOF ● 1.04 - First time entrants to the youth justice system	2014	585.0	-	409.0	Per 100,000		Lower is Better
	PHOF ● 2.06i - Excess weight in 4-5 year olds	2013-14	25.3	-	22.5	%		Lower is Better
	PHOF ● 2.07ii - Hospital admissions caused by unintentional and deliberate injuries in young people (aged 15 - 24 years)	2013-14	173.9	-	127.6	Per 10,000		Lower is Better
	PHOF ● 2.09i - Smoking Prevalence age 15 years - current smokers (WAY survey) - NEW	2014-15	13.6	-	8.2	%		Lower is Better
	PHOF ● 2.09ii - Smoking Prevalence age 15 years - regular smokers (WAY survey) - NEW	2014-15	10.4	-	5.5	%		Lower is Better
	PHOF ● 3.03xii - Population vaccination coverage - HPV	2013-14	80.7	-	86.7	%		Higher is Better
Living and Working Well 15 to 64 years	PHOF ● 1.12i - Violent crime (including sexual violence) - hospital admissions for violence	2010-13	69.6	-	57.6	Per 100,000		Lower is Better
	PHOF ● 1.17 - Fuel Poverty	2013	12.8	-	10.4	%		Lower is Better
	PHOF ● 2.13i - Percentage of active and inactive adults - active adults	2014	52.4	-	57	%		Lower is Better
	PHOF ● 2.13ii - Percentage of active and inactive adults - inactive adults	2014	34.2	-	28.9	%		Lower is Better
	PHOF ● 2.18 - Admission episodes for alcohol-related conditions - narrow definition (Persons)	2013-14	858	-	645.0	Per 100,000		Lower is Better
	PHOF ● 2.18 - Admission episodes for alcohol-related conditions - narrow definition (Male)	2013-14	1,102	-	835.0	Per 100,000		Lower is Better
	PHOF ● 2.18 - Admission episodes for alcohol-related conditions - narrow definition (Female)	2013-14	642	-	475.0	Per 100,000		Lower is Better
	PHOF ● 2.22iii - Cumulative % of eligible population aged 40-74 offered a Health Check	2014-15	32.9	-	37.9	%		Lower is Better
	PHOF ● 2.22iii - Cumulative % of eligible population aged 40-74 received a Health Check	2014-15	16.8	-	18.6	%		Lower is Better
	PHOF ● 2.23iii - Self-reported well-being - people with low happiness score	2013-14	12.8	-	9.7	%		Higher is Better
	PHOF ● 4.07i - Under 75 mortality rate from respiratory disease (Males)	2011-13	50.8	-	39.1	Per 100,000		Lower is Better
	PHOF ● 4.07ii - Under 75 mortality rate from respiratory disease considered preventable (Males)	2011-13	29.8	-	20.4	Per 100,000		Lower is Better
	PHOF ● 4.06ii - Under 75 mortality rate from liver disease considered preventable (Persons)	2011-13	20.1	-	15.7	Per 100,000		Lower is Better
	PHOF ● 4.06ii - Under 75 mortality rate from liver disease considered preventable (Male)	2011-13	29.3	-	21.1	Per 100,000		Lower is Better
	PHOF ● 4.10 - Suicide Male	2011-13	20.5	-	13.8	Per 100,000		Lower is Better
	ASCOF ● 1E - Adults with learning disabilities in employment	2013-14	3.6	-	6.7	%		Higher is Better
	ASCOF ● 1G - Adults with learning disabilities in stable accommodation	2013-14	68.4	-	74.9	%		Higher is Better
	ASCOF ● 2A(1) - Permanent admissions to care homes: people aged 18 to 64	2013-14	36.4	-	14.4	Per 100,000		Lower is Better
ASCOF ● 4B - People who say the services they use make them feel safe and secure	2013-14	66.5	-	79.1	%		Higher is Better	
CCGOF ● 1.1 - Potential Years of Life Lost amenable to healthcare - Male	2013	2,509	2,576	2,215	Per 100,000		Lower is Better	
NHSOF ● 2.4 - Health-related quality of life for carers (complementary to 1D ASCOF carer reported quality of life - not sig)	2013-14	0.77	0.80	0.80	Weighted Value		Higher is Better	
CCGOF ● 5.4 (NHS 5.2ii) - Incidence of healthcare - associated infection - C.Difficile (rate) [CCG tool and HSCIC]	2013-14	-	29.9	24.0	Per 100,000		Lower is Better	
Ageing and Dying Well 65+	PHOF ● 3.03xiii - Population vaccination coverage - PPV	2013-14	64.1	-	69.1	%		Higher is Better
	PHOF ● 3.03xiv - Population vaccination coverage - Flu (aged 65+)	2013-14	68.3	-	73.2	%		Higher is Better
	PHOF ● 3.03xv - Population vaccination coverage - Flu (at risk individuals)	2013-14	48.6	-	52.3	%		Higher is Better
	BCF ● Total emergency admissions	2013-14	3310	-	2551	Crude rate	Not Available	Lower is Better
	BCF ● Delayed transfers of care - Average monthly number of days of delayed transfer of care	2013-14	349.9	209.2	839.7	Per 100,000	Not Available	Lower is Better
	BCF ● Avoidable emergency admissions	2013-14	2,489	-	2,030	Per 100,000	Not Available	Lower is Better
	BCF - Patient/service user experience						Indicator not yet available	
	BCF ● Permanent admissions to residential and nursing care homes (over 65yrs)	2013-14	628.6	576.3	668.4	Crude rate	Not Available	Lower is Better
	BCF ● Re-ablement (effectiveness) - Older people (over 65yrs) who are still at home 91 days after hospital discharge	2013-14	81.5	85.2	81.9	%	Not Available	Higher is Better
	BCF ● Re-ablement (coverage) - Older people (over 65yrs) offered reablement services following hospital discharge	2013-14	2.9	-	3.3	%	Not Available	Higher is Better
BCF ● Dementia diagnosis rate (local Devon indicator)	2015	62.6	61.2	60.8	%	Not Available	Higher is Better	

## Joint Outcomes Framework - 'Outlier' Comments

PHOF - Actions to address 'outliers'		ASCOF - Actions to address 'outliers'	
2.02i - Breastfeeding - Breastfeeding initiation & 2.02ii - Breastfeeding - Breastfeeding prevalence at 6 - 8 weeks after birth	<ul style="list-style-type: none"> <li>A health visitor/practice teacher with a special interest in breastfeeding to lead this area of work and service development within SCPHN.</li> <li>HV's are now visiting all antenatal women after 28 weeks and will discuss feeding options and responsive feeding.</li> <li>Responsive Feeding Group in partnership with the Maternity Lead and Children Centres.</li> <li>Stage 2 UNICEF UK Baby Friendly - Assessment completed and further audit to be undertaken.</li> <li>HV team promote the healthy start voucher scheme which includes free vitamin supplements.</li> <li>Family Health Partnership.</li> <li>Joint mapping of Public Health maternity provision along the commissioning pathway due to commerce with CCG commissioning colleagues.</li> </ul>	1E - Adults with learning disabilities in employment
