Headlines* (children 5-24 years compared to Torbay and CIPFA nearest neighbours):

- There are less children living in poverty;
- Fewer are in a lone parent household;
- Significantly more have special educational needs or disabilities;
- There are more unpaid carers;
- Less are meeting the expected standard at Key Stage 2;
- Pupil absenteeism is significantly higher;
- Dental extractions due to decay are higher;
- Emergency self-harm admissions are lower;
- Emergency admissions are lower;
- There are fewer ambulance call outs that result in a trip to hospital.

In general, the 5-24 years population has reduced slightly year on year and is expected to continue to do so in the future (Figure 2).
